

Visit Us at PACK Expo 2025 – The Premier Packaging & Processing Event

Innovative Conveyor Belt Solutions for Packaging & Processing

PACK Expo 2025 is the ultimate destination for packaging and processing professionals, featuring 2,300+ exhibitors and cutting-edge advancements in automation, material handling and food processing technology. This is the must-attend event for businesses looking to enhance efficiency, reduce costs and stay ahead of industry trends.

We'll be in the North Hall at Booth # N-5742, showcasing high-performance conveyor belt solutions engineered for packaging, processing and material handling applications.

From food-safe belting for automated production lines to heavy-duty solutions for high-speed packaging systems, our belts are designed to:

- ✓ Boost efficiency & minimize downtime
- ✓ Meet the highest sanitary & hygienic standards
- ✓ Optimize automated packaging & material handling

PACK Expo isn't just about technology, it's also a place to gain industry insights through live demonstrations, educational sessions and expert-led discussions on:

- Sustainable packaging & waste reduction
- Smart manufacturing & supply chain optimization
- Advancements in robotics & automation
